

Fire Stopping Technologist

Coventry (& Home Office), England Full Time

Permanent

CPG Europe CPG Europe manufactures high-performance building materials to solve the complex challenges of today's construction industry. With more than 1,400 employees across Europe, we are committed to creating a world in which buildings and structures save energy, last longer and exceed sustainability standards.

Your remit

- **Fire Stopping Technology:** Deliver Anaconda (GXT) fire stopping technology and products across UK and EU27.
- **Fire Tests:** Design and build fire tests which are to the required standards, and ensuring the required testing is carried out.
- **Interpret Reports:** Draw timely conclusions from the data on the fire test reports and standards.
- **R&D Business Partner:** Partner the Market Manager responsible for the Fire Stopping brand, assisting with the development and product introduction of the portfolio.
- **External Engagement:** Engage with external test house and certification bodies for standards; ETA, Certifire, CE etc.
- **Represent CPG UK:** Attend and represent the Company in key Fire Protection industry groups.
- **Be Part of the Team:** Grow internal relationships and actively engage with other departments i.e., Marketing, BDM's, Production & Purchasing.

If you bring this...

- **Experience:** A minimum of 10 years' experience in R&D of Fire Stopping solutions. Experience with identifying new product applications and opportunities.
- **Qualifications:** Degree qualified in Chemical Engineering, Chemistry or Technical Engineering, or other comparable qualification.
- **Technical:** Broad understanding of Fire Stopping Technologies, expert knowledge of standards and the fire certification process. Expert knowledge to own and run the fire test design process.
- **Personality:** The ability to work methodically, to have excellent communication skills and foster strong working relationships with all internal/external stakeholders.

...then we will offer you

- **Remuneration:** A competitive salary.
- **Reward:** An attractive bonus scheme.
- **Excellent Benefits:** A range of attractive social benefits (e.g., Competitive pension scheme, holidays, life assurance and income protection)
- **Home-Office:** Equipment for working from home as well as laptop and mobile phone.
- **Opportunities to Grow:** A variety of learning & development opportunities.
- **Internationally:** Be a part of a growing international group.
